

Qualicum Beach Streamkeepers Society Extends Its Thanks!

Our project to build a new "Pavilion" at the Brant Viewing Area in Qualicum Beach is coming to completion. This was undertaken to recognize the late Faye Smith Rosenblatt for her inspirational role in the Oceanside Area as a "Wild Salmon Advocate" and champion for the environment.

Your generous donations have helped us to provide a lasting legacy to Faye while inspiring us all to better understand and care for this very special place.
